PROFESSIONAL SUMMARY

Full-Stack Web Developer with over 2 years of experience engineering production-ready web applications using Next.js, Node.js, and TypeScript. Proven track record of designing and deploying scalable systems, including a UAE real estate portal, a multi-role LMS, and a full-featured e-commerce platform. Specialized in robust state management, secure multi-role authentication, and seamless payment gateway integrations.

SKILLS

Programming languages: JavaScript (ES6+), TypeScript

Frontend: React, Next.js, Tailwind CSS, Tanstack

Backend: Node.js, REST APIs, Prisma ORM, Mongoose ODM, authentication systems, payment integration, Upstash

Databases: PostgreSQL, MongoDB

Tools & Deployment: Git, GitHub, Vercel, Netlify, CI/CD

Languages: English (fluent), Arabic (native)

PROJECTS

Bayti – UAE Real Estate Platform | Next.js, Node.js, TypeScript, Prisma, PostgreSQL, Tailwind CSS, Location IQ | [Github](#) | [Live](#)

- Built a full-stack real estate platform with an ERP-style admin system for managing properties, bookings, users, and content
- Implemented role-based authentication and authorization with secure admin/client access control.
- Designed a scalable PostgreSQL schema with Prisma and integrated features like property booking CMS blog, media uploads, and location mapping.

Academiq – LMS SaaS Platform | Next.js, Node.js, TypeScript, Prisma, PostgreSQL, Tailwind CSS, Stripe, Upstash, Tanstack | [Github](#) | [Live](#)

- Developed a multi-role SaaS LMS platform for instructors and students with secure role-based access control.
- Built course management, video-based learning, and progress tracking system with real-time dashboard analytics
- Integrated subscription payments (Stripe), authentication, and scalable backend architecture for course delivery and user management.

Bayro – E-Commerce Platform | Next.js, Node.js, TypeScript, PayPal, PostgreSQL, Tailwind CSS, Resend | [Github](#) | [Live](#)

- Built a full-stack e-commerce platform with separate admin and customer workflows using role-based authentication.
- Implemented product management and a secure checkout system with Stripe and PayPal integration.
- Designed a scalable database schema with Prisma and built a responsive UI with full CRUD operations and transactional email workflows.

EDUCATION

Bachelor of Computer Science
The University of the People, California, USA

2022-2025
